

Fiat Club Africa

A member of: SA Marques Clubs Association

Dear Fiat Enthusiast

Welcome to Fiat Club Africa, THE club for enthusiasts of Italy's oldest motoring brand and one that has won more innovation awards than any other in its more than 110 years. South Africa has been fortunate in having Fiat clubs through the last nearly 60 years to help bring together friends across all walks of life, starting with the famous Fiat Topolino in the mid 1950s right up to today's latest models.

Of course the most important element beyond the cars and the fine Italian traditions and culture, is the people in the club. The camaraderie and enjoyment of being with like-minded cognoscenti is the real treasure and driving force, introducing and sharing these with all. Many people talk about passion, those who know the Italian life-style know passion.

Whether you drive a 100 year old Fiat or the latest piece of motoring art off the showroom floor, a treasured sports car of your run-about, you will be most welcome in your participation wherever you go in Fiat circles, local and international. We are indeed a select breed.

Members get involved in socials, technical days, driver training, social rallies (including the famous annual Fiat Dealer Rally), away weekends and charity work. There should be something for everyone.

You can download the latest membership forms from our web-site, or look up an event and attend to become part of the Fiat Club community – Go ahead and spoil yourself.

The club has members nationally and is hoping to grow to every significant location in South Africa, all meeting once a year in our Italian Connection event, which has been running for 20 years now.

FCA is a member of the South African Marques Clubs Association and through this body, has access to the other clubs, a really great insurance scheme underwritten by Alexander Forbes, indemnity insurance, many and varied events and general camaraderie.

Fiat Club Africa while independent of the Fiat Group Automobiles SA works with Fiat Group SA helping ensure that the Fiat experience is a long and happy one. Fiats network of dealers help bona fide club members in many ways. Through the club chairman, we have been able to source many parts for older Fiats, helping keep the cars running reliably many years after their contemporaries have been recycled.

Fiat Club Africa attempts to run dedicated events for 10 months of the year especially in Gauteng, and building in each of the major centres, and ideas are always welcome, it is your club. We have many interclub events too, which we circulate.

We also participate in the premium annual Italian Connection away long weekend, where lovers of the Italian lifestyle get away in their Italian cars of all makes for a family weekend, enjoying the wealth of cultural and scenic riches in South Africa.

Here's hoping that we have many great interactions, and feel free at any time to contact or email your ideas or suggest something you would like to do for or in the club, it is yours.

Yours sincerely

Ian Huntly

Chairman
